

# What did you do today?

©2006 Otto Bock Prosthetics LP

Everyday activities like grocery shopping with your family are easier with Otto Bock microprocessor knees. Our microprocessor knees give you the confidence to overcome those obstacles that can keep you from enjoying your day.

Wherever the day takes you, the C-Leg<sup>®</sup> and Compact<sup>™</sup> microprocessor knees provide a gait that is natural and secure. Real-time adjustments mean the knee is proactively anticipating every move you make – letting you take your mind off your next step and on to the next item on your shopping list.

To explore which knee best supports your activities, put talking to your prosthetist on your to-do list.
