

# More hands for fitting help... More options for fitting hands.

Otto Bock products are backed with the full support of our new Upper Extremity Prosthetics Team of experts who are there to make your life easier. Wondering what to fit? Have a difficult case? Been a while since you fit a myoelectric prosthesis? No problem, that's what we're here for. Helping you help your patient.

As the leader in Upper Extremity Prosthetics, Otto Bock also offers the most complete range of innovative, quality products such as the SensorHand™, ErgoArm® elbow, Greifers, and a host of other components. For years Otto Bock has been the benchmark for quality, easy-to-use upper extremity prosthetic products.

Contact your sales representative or our Upper Extremity Team at 800.328.4058 to support your next upper extremity fitting.
