

Smith Global is proud to announce the new
Whisper eVAC.

*eVAC special, expires March
 31st...call for details*

The new Whisper eVAC offers the same great features as the original eVAC with a Whisper warning audio and lower vibratory system. Retrofit also available for existing units. Please call Smith Global for more information.

The Original Filler Sock

by Jim Smith Sales

Amputees wearing cotton cast socks often complain of their durability. Our **filler sock** is a 50% cotton and 50% polyester blend with a nylon reinforced toe. They last longer than cotton cast socks and are less expensive than one ply prosthetic socks.

- No seam along side
- Reinforced toe
- With or without distal hole
- Circumferential stretch rather than longitudinal
- 50%-50% cotton polyester
- Does not ravel when cut
- **Sold by 1 dozen per package**

SMITH GLOBAL™
 Partners of Innovative Life Enhancements™
