

Five Reasons - We should be your first choice for custom scoliosis orthosis fabrication

1.

Experience.

Specialists with over 30 years of experience in crafting thousands of custom scoliosis orthoses in multiple styles

2.

Customer Service.

Our entire scoliosis team of clinicians, technicians and customer service are dedicated and ready to answer and assist any questions concerning your order

3.

Technology.

We use advanced technology, scanning & 3-D CAD/CAM systems along with traditional modification techniques to craft a custom scoliosis orthosis that precisely fits your patient to achieve a positive outcome

4.

Specification.

Each custom Full-Time or Providence® Scoliosis Orthosis order is fabricated to your specifications

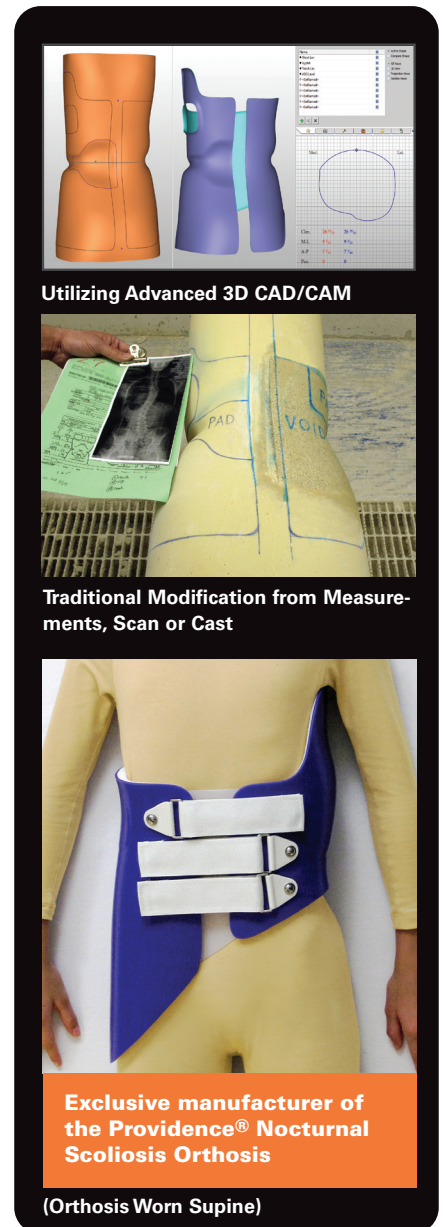

5.

Delivery.

We have two facilities, both with over 3,000 torso molds to speed production and provide nationwide delivery so your order arrives when you need it

These are the reasons orthotists choose to use Spinal Technology. A custom orthosis from Spinal Technology is designed to don faster, fit better and do its job without complications.

Call to place an order and we'll show you the difference that a custom fit orthosis can make.
