

I feel better.

Fine tune rotation, 360° by loosening 2 horizontal screws

# FREE Street Pak & 4-Hole Female Rotator

**WHAT:** Street Pak & NEW 4Hole Female Rotator (BL148M)

**WHEN:** June 1 - August 31, 2007

**WHERE:** SPS

**HOW:** With all SPS purchases for OFM2 knee

Loosen just two screws. Full access for adjustments independent of knee profile.

No bending of the knee required to gain access, so your patient can remain standing.

## OFM2

\* NEW Lanyard Design improves durability

• Use as **LOCKING JOINT** with manual release\* OR **FREE SWING** knee joint

• Very Lightweight - only 425 grams

• Weight activated stance control brake releases prior to toe-off for smoother gait & easier transfer

• Change from locking to mechanical brake with simple twist of allen wrench
