

Applications of Stance Flexion Orthoses

- Have you tried any of the Stance Control Systems?
- Are you unfamiliar with the technology and unsure of how to choose patients that would be good candidates?
- Do you know how to code a Stance Control KAFO?

SPS and Becker Orthopedic are pleased to present a new series of regional education courses on Stance Flexion Technology. The courses, taught by Gary Bedard, B.Sc., CO, FAAOP, will review Stance Control Components, their classification and clinical applications as well as use case studies to demonstrate appropriate patient selection for this technology. Alignment, Gait Training and Fabrication techniques will be presented in this one day course. Seven (7) CEUs have been authorized from ABC.
