

# NEW Plie' 2.0 MPC Knee

The **NEW second generation Plie' 2.0 MPC Knee** has synergistic microprocessor and hydraulic technologies that deliver a highly responsive prosthetic knee, while facilitating natural and intuitive mobility.

Microprocessor control of both swing and stance phases delivers advanced stumble recovery capability.

Freedom Innovations' game-changing **Plie' Set-Up Wizard** streamlines programming and set-up of the knee, utilizing automated parameter settings which ensure optimal performance.

Please check with your SPS Sales Manager concerning availability.

SPS' NEW Training Course on the Plie 2.0 MPC Knee includes a live patient fitting using the NEW Plie' Set-Up Wizard. Through the hands-on session participants will gain a working knowledge of how to properly select and utilize all Plie' MPC Knee® functionality. Class participants will leave equipped to properly fit, align, and adjust this new technology. Four (4) CEUs have been applied for this 1/2 day course.

## Prosthetic Advances 2010 Training Schedule

Apr 13	Anaheim, CA
May 12	Dallas, TX
May 14	Chicago, IL
