

THE VOICES  
YOU KNOW.

THE SERVICE  
YOU TRUST.

Despite market ups and downs, there's one thing that will always remain a constant: SPS' dedication to excellent customer service. For 50 plus years, we have made it our mission to improve customer service each and every day. Our latest example - [Saturday Shipping Service](#), which enables you to place an order on Saturday up to 2:00 PM EST and receive it Monday morning when you open.

We pledge to continue our drive to serve you better, not only in the best of times, but during challenging times, when strong values and uncompromising standards matter most.
