time on hold matters

**THERE WAS A TIME** when choices were few, reimbursements were high and patient satisfaction was your overriding concern. Today, O&P is a much more complicated business, entangled in a challenging financial web that constantly changes. To succeed, your supplier must understand there are no "little things" anymore. In the grand scheme of "things", everything is potentially big -- everything matters.

Today, more than ever, SPS is at your service.

**Unsurpassed Service** at SPS means just that. Every call, every order, every part, every box-- every single detail is important to ensure your total satisfaction. It is the philosophy we know. It is the philosophy we live by day in and day out.

Experience our Commitment. Call 800.767.7776 x 3.
