

ADAPTIVE

Within the world of Microprocessor Knees,

ONE STANDS ALONE

Self-Contained PROGRAMMER - allows total freedom from wires or computers

GAIT PROGRAMMING PERFORMED IN PRIVACY OF YOUR FACILITY - schedule at your convenience and that of the amputee in a familiar setting

PERSONALIZED DEFAULT SETTINGS - Leg defaults to patient settings, not factory settings.

INDIVIDUALIZED SMART CARD Allows up to **THREE DIFFERENT PROGRAMS**- facilitates fine tuning and adjustment in minutes

INDEPENDENT FOOT SELECTION- maximize amputee preference and functional needs; Foot selection has no impact on warranty.

UNCONDITIONAL ANNUAL UPGRADES AFTER YEARS ONE & TWO - Install knee into prosthesis, reprogram with smart card and amputee has the latest knee in 10 minutes. Amputee gains full benefit of all design improvements made since his original fitting

Call your SPS Sales Manager or Customer Service Representative at 800.767.7776 to set an appointment for your in-house demonstration of the Adaptive.
