

Bolt to the Blue

SPS' Blue-Line of modular components has been re-engineered to provide exceptional quality at dramatic savings.

- Up to 50% SAVINGS on all components
- Precision numerical controlled machining to 0.005" tolerances
- Dacromet coating on all set screws reduces corrosion, binding and galling
- Rigorous testing to ISO 10328 quality standards

Call SPS Customer Service at 800-767-7776 x3 to learn more about the tremendous savings and quality of the Blue-Line system of modular components.
