## INCREASE ASSIST AS NEEDED WITH ADJUSTABLE DORSI-FLEXION JOINT CAPS

Since 1995, Tamarack® has continuously innovated technologies and products for orthotists and prosthetists worldwide.

Choose from a range of sizes, interchangeable durometers, and models with on-site adjustability. These elegant and simple designs help you maximize your client's mobility and health.

DURABLE.  
ADJUSTABLE.  
INTERCHANGEABLE.

Simply adjust cap alignment on one side for 20% increase or both sides for 40% increase

No cavity molding dummy - easier lamination

Standard and Adjustable TFJ Caps Available in:

- Pediatric
- Black
- Medium
- Natural
- Large
