

“The strength of the team is each individual member.

The strength of each member is the team.”

-Phil Jackson

TEAM UP WITH TEAM TITAN

Teaming your patient care with our quality fabrication, the patient will have the best possible outcome. We specialize in prosthetic fabrication so that you fit a prosthesis that is fabricated to your specifications. As Team Titan, we are an extension of your facility. You can spend less time fabricating and more time focused on your patients and their needs.

From casting to scanning and from test socket to definitive, you can rely on Titan to be part of your team.
